Program 24th Politzer Society meeting Amsterdam 2003 3 September 2003

Wednesday 3-9-09

FORUM HALL

8:00-8:40 Meet the prof's - EAONO instructional session
E.Offeciers Stapes surgery : All the tricks ?

ROOM M

8:00-8:40 Meet the prof's - EAONO instructional session
G.Hughes Facial nerve disorders: How do we treat them?

ROOM N

8:00-8:40 Meet the prof's - EAONO instructional session
N.Ozgirgin & M.Hamid Diagnostic significance and therapeutic principles of BPPV

ROOM O

8:00-8:40 Meet the prof's - EAONO instructional session
J.House Our approach to Acoustic Neuroma's

FORUM HALL

9:00 – 10:30 **LASERS IN OTOLOGY Round Table**

Moderator : R.Hausler

- P.Bredlau Copenhage Denmark Argon laser
- G.Rettinger Ulm Germany Erbium Laser
- M.Jovanovic Berlin Germany CO2 laser
- J.Veldman Utrecht Netherlands

ROOM M

9:00 – 10:30 **FREE PAPERS Otological Tumors Chairmen : K.Graamans, M.Gjuric**

- Simultaneous presentation of contralateral vestibular schwannoma and glomus jugulare tumour. (1) Mr Ioannis Moumoulidis, Mr Clive Brewis, Mr David Moffat ENT dept Addenbrooke's hospital - Cambridge - United Kingdom
- Teratoma of the middle ear - case report. (62) Adónis C.,Alves G.,Freire F.,Caratão J.,Prata J.,Gabão V. Hospital Amadora Sintra, Ent Department Carnaxide Portugal
- Cerouminous adenocarcinoma of the external ear canal (129) Schytte,S Institution Here Department of Head and Neck Surgery, Odense University Hospital, Odense, Denmark
- Five cases of carcinoma of the external auditory canal - usefullness of postauricular flap (106) Tsuji K, Terada T, Hatta C, Kondo K, Mishiro Y, Sakagami M Department Of Otorhinolaryngology, Hyogo College Of Medicine, Osaka Rosai Hospital And Osaka Univ. Graduate School Of Medicine Osaka Japan
- Surgical strategy in patients with glomus tumors (92) O.Borysenko, Yu.Soushko, I.Sribnyak, V.Gudkov Otolaryngology Institute Kiev, Ukraine
- Coexistance of acoustic neuroma and pinealoma in patient with sudden deafness - case report.(101) M.Durko, A.Jankowski, T.Durko, R.Stanczyk, W.Gajewicz*, A.Pajor** Otosurgery Department, *Department Of Radiology, ** Department Of Laryngology - Medical University Of Lodz Poland
- Should patients with asymmetrical noise-induced hearing loss be screened for vestibular schwannomas? (27) R. Baker, A. Stevens-King, N. Bhat & P. Leong Edith Cavell Hospital, Peterborough, UK
- Intratemporal schwannoma of the facial nerve – importance of the right image diagnostics (137) Lotte Jung Johansen ENT Department, Head and neck surgery, Odense University Hospital, Denmark

ROOM N

9:00 – 10:30 **FREE PAPERS Cochlear Implants I Chairmen : B.Black, E.Mylanus**

- Cochlear implantation in patients with meningitis (19) Olgun L, Batman C, Altay B,Gultekin G. Izmir Social Security Hospital, Marmara University School Of Medicine; Anadolu University Hospital; Departments Of Otorhinolaryngology Istanbul Turkey
- Surgical results of cochlear implantation in malformed cochlea (44) Sennaroglu L, Sarp Sarac,Bulent Gürsel, Ergin Turan Hacettepe University Medical Faculty
- Cochlear implantation in 7 patients with congenital malformations (21) Altay B, Batman C, Olgun L, Ozturk O. Hospital, Marmara University School Of Medicine; Anadolu University Hospital; Departments Of Otorhinolaryngology Istanbul Turkey
- Cochlear implantation in chronic otitis media (20) Olgun L, Batman C, Altay B,Gultekin G Izmir Social Security Hospital, Marmara University School Of Medicine; Anadolu University Hospital; Departments Of Otorhinolaryngology Istanbul Turkey
- Speech understanding with charge-balanced triphasic pulses after cochlear implantation (172) Johan H.M. Frijns(1), Raymo nd M. Bonnet(1), Stefaan Peeters(2), Jeroen J. Briaire(i) 1 Leiden University Medical Centre, Leiden, The Netherlands 2 Universitaire Instelling Antwerpen, Antwerp, Belgium
- Complications in cochlear implantation 2 (75) Hyo Jeong Lee, Sun O Chang, Chong-Sun Kim* Department Of Otolaryngology Seoul National University Hospital, Seoul National University College Of Medicine Seoul South Korea
- Is an “endosteal electrode" for cochlear implantation basically feasible ? (161) Pau, H.W., W. Behrend, T.Just, E. Lehnhardt.Klinik und Poliklinik für HNO Rostock Germany

ROOM O

9:00 – 10:30 **SOME ASPECTS OF INNER EAR OTOLOGY** Moderators : O.Michel Germany & Ruy Penha Portugal

- O.Michel Germany Beta-trace protein (ß-tp) as a specific immunological marker for perilymp h (187)
- R.Kuhweide Belgium Ramsay Hunt revisited : a novel insight into inner ear pathology (79)
- R.Tange, Netherlands Vascular pathways in the inner ear (181)
- Rhua Penha – New aspects of Cochlear Vessels

10:30-11:00 Coffee break

FORUM HALL

11:00-12:30 **OTITIS MEDIA - BACK TO BASICS**

Moderators : W.Fokkens & A.Schilder

A.Schilder The Netherlands - International perspectives on management of otitis media (61)
T Vesikari Finland - Intranasal influenza vaccine in the control of respiratory tract infections in children.
E. Sanders The Netherlands - Pneumococcal vaccines for otitis media (121)
M. Nell The Netherlands - Antimicrobial peptides. Will they be the new therapy for otitis media? (109)

ROOM M

11:00-12:30 **SKULL BASE OTOLOGY moderator B.Pauw**

- W. Draf Germany - The cervical and direct lateral approach to the lateral skull base.
- M. Gleeson UK - Petrous bone apex.
- Th. Linder Switzerland- Facial nerve.
- F. Trabalzini Italy - IAC: vestibular schwannoma.
- P. Tran Ba Huy France- Jugular foramen: paraganglioma.

ROOM N

11:00-12:30 **FREE PAPERS Different Aspects of Otology I** Chairmen : M.Tos, N.Ozgirgin

- Occult perilymph fistulas as a cause of meningitis (14) Badr Eldin Mostafa Ain-Shams University Faculty Of Medicine ENT-HNS Cairo Egypt
- Petrous bone cholesteatoma (173) I.Sribnyak, Yu.Soushko, O.Borysenko Otolaryngology Institute Kiev, Ukraine
- Otorrhagia and embolisation of an aneurysm of the "aberrant internal carotid" artery in the middle ear. a 5-year otoscopic follow up (30) Michael Söderman*, Maria Moersdorf**, Georgios Papatziamos***, Lennart Mendel*** Depts of Neuroradiology* and Otorhinolaryngology***, Karolinska hospital, Stockholm, Sweden, and Dept of Radiology**, Brüderkrankenhaus, Trier, Germany
- Comparison the treatment result between the sudden deaf with vertigo and the sudden deaf only. (113) Gyu Cheol Han, Eun Jung Lee, Chang Hyun Cho, Kyu Sung Kim# Otolaryngology Dept., Gil Medical Center, Gachon Medical School Otolaryngology Dept. Inha University# South Korea
- A role for pneumolysin, a pneumococcal protein, in cochlear hair cell cytotoxicity. (80) Liam J. Skinner, Maryline Beurg, Tim J. Mitchell*, Jean-Marie Aran, Didier Dulon.Laboratoire de Biologie Cellulaire et Moleculaire de l'Audition, Hopital Pellegrin, Bordeaux, France. * Department of Infection and Immunity, University of Glasgow, Glasgow, Scotland
- Mitochondrial dna alterations in mexican patients with vestibular ablation related to gentamicin hypersensitivity. (83) [1] Aguilera P, [2] Tirado C, [3] Hinojosa-González R, [4] Esteinou C, [1] Meza G.[1] Depto Neurociencias, IFIC, UNAM, [2] Instit. Nal. De Enfermedades Respiratorias, Ssa, [3] Instituto De Neurología Y Neuropsiquiatría, Ssa, [4] Hospital Ángeles (Interlomas), México D.F, México.
- Incus – computer system for storage and analysis of clinical and diagnostic data in otology pratice - own experience. (99) M.Durko Otosurgery Department, Medical University Of Lodz Poland

ROOM O

11:00-12:30 **FREE PAPERS BAHA Implants : Th. Somers, A. de Bruijn**

-

- The Bone Anchored Hearing Aid: quality of life assessment (59) Emmanuel Mylanus, Myrthe Hol, Marian Spatl, Paul Krabbe, Kitty Van der Pouw, Ad Snik, Cor Cremers ENT Department, University Medical Centre St. Radboud, Nijmegen, the Netherlands
- Baha surgery ; self -tapping fixture with pre -mounted coupling - a new concept in baha surgery (148)Anders Tjellström, M.D., Ph.D. Department of Otolaryngology, Sahlgrenska University hospital, Göteborg, SWEDEN
- Bone-anchored hearing aids as a cross device in unilateral deafness (56) M. Hol, A.Bosman, E.Mylanus, A.Snik, C.Cremers Department of Otorhinolaryngology, University Medical Centre St Radboud, Nijmegen, the Netherlands
- Craniofacial titanium implants and chronic pain; histological findings (55) E. Mylanus (1), C. Johansson (2), C.Cremers (1) (1) Department of Otorhinolaryngology University Medical Center St Radboud Nijmegen, The Netherlands (2) Departrnent of Blomaterials/Handicap Research Institute for Surgical Sciences Göteborg University Gothenburg, Sweden
- A two fixture approach to bone anchored hearing aids. (159) H. Patel,Vsp. Durvasula, Rf Gray Royal National Throat Nose And Ear Hospital, Grays Inn Rd, Kings Cross, London WC1X 8DA UK
- Amplification and output of the vibrant soundbridge and otologics met device (58) A.Snik, J. Noten, C. Cremers ENT department University Medical Center St Radboud, Nijmegen, the Netherlands

12:30-14:30 Lunch & Satellite symposium by Gyrus / Entermed in Forum Hall

FORUM HALL

14:30-15:30 **Oto-Allergy Moderator P.v Cauweberge**

- **T.Grundman Hamburg Germany -** The role of allergy in chronic middle ear disease (167),

- **R.Tange, Amsterdam Netherlands -** Peroperative treatment of atopic middle ears (182)
- **D. Passali Siena Italy -** Nasal allergy and otitis: relationship and controversies. our experience (5)

ROOM M

14:30-15:30 **KEY LECTURES Moderator : A.F O'Connor**

- A.Pusalkar India : T.T.P. vario middle ear implants - experience of two years
- Kujawski O - Switzerland : ET surgery in OME
- Graamans K – Netherlands : Vestibular schwannoma growth: fact and fiction

ROOM N

14:30-15:30 **CASE REPORTS**

Discussion : T.Somers. R.Stokroos W.Grolman A.de Bruijn

ROOM O

14:30-15:30 **Evidence Based Medicine & Otology**

The prospect of a multe-centre audit M.Yung , P.van den Heyning

- P. Van den Heyning: Purpose of auditing in Otology.
- I. Swan: Evidence based medicine in otology - where are we?
- R. Haussler: Outcome measures in otosclerosis: the paradox of high quality results.
- M.Yung: Audit in otology: looking into the future.

15:30-16:00 Tea break

16:00 – 22:00 Boat tour through the famous Amsterdam Canals
Cocktail on the VOC ship "Batavia" & Congress Diner
